Azania Mokhampane

Frontend Engineer

SUMMARY

I am , a dedicated Frontend Software Engineer with a strong expertise in React and Node.js.My passion lies in bridging the gap between design and functionality, crafting seamless user experiences through code.

With years of experience in frontend development, I've honed my skills in creating responsive and user-friendly web applications. My work involves translating design concepts into pixel-perfect, interactive interfaces, and optimizing performance for an exceptional user experience.

EXPERIENCE

Frontend Engineer
Nexl
July 2022 - Present

- Determining the structure of the and design if web pages
